An integrated vision for health and social care

Providing **better outcomes** for individuals that are **closer to home, holistic and create efficiencies** within the Health and Care System

**Recognising
that change is
constant...**

**...and that 'transformation'
is our business.**

The building blocks of our success...

- Focusing on place
- Starting with a blank page
- Consistent and cohesive leadership team
- Building solid trust-based relationships
- Starting with 'what's strong' and not 'what's wrong'
- A bottom-up approach
- Supporting active citizenship
- Enabling distributive leadership
- Embracing autonomy and innovation
- Starting small – learn and grow
